Ms. Burns stated that this would be the first time that they will be levying an O&M assessment. She noted that she sent a couple of options over to Mr. Walsh to review. She presented that this would levy \$600 on the first 261 lots in Phase 1 with the deficit funding agreement in place for the remainder. She noted that this is based on the development online that Mr. Andrade sent over and that they have mid 2023 for landscaping, amenity, and regular admin expenses. She stated that these are based on the information that was sent over. She stated that the idea was that \$600 is what would be levied on the 261. She stated that they would not levy an assessment on the additional property. She stated that they would just deficit fund as they occurred for those expenses. She noted that the date for the public hearing they are having is July 14, 2022.

Mr. Malave stated that they had a work order for consideration for the stormwater management needs analysis. He noted that it was a proposal to meet the requirement by legislature. He stated that originally he had \$15,000, but after hearing what Phase 1 has built they could probably reduce that. He noted that all he needed was a set of construction drawings. He asked if everything that was operational, working, and certified complete on the stormwater system as of June 30<sup>th</sup> of this year. Mr. Andrade answered yes. Mr. Malave replied that they would have to do it then. He stated that they don't think they will have to spend that quantity of dollars based on what they are doing right now, but that they will have to do a site visit and everything that is required by the new legislation. Mr. Shenefield asked how many ponds they have. The Board answered that they have two ponds. Mr. Malave stated that they could cut that to \$7,000 or \$8,000 just for the report. Ms. Burns asked if he would like to revise to do 10,000 or leave it as not to exceed. Mr. Shenefield suggested doing a not to exceed and asked if \$8,000 was a good number. Mr. Malave responded that yes, \$8,000 was good.

## EAST 547 COMMUNITY DEVELOPMENT DISTRICT FISCAL YEAR 2023 BUDGET FUNDING AGREEMENT

This Agreement ("Agreement") is made and entered into this 14th day of July, 2022, by and between:

**EAST 547 COMMUNITY DEVELOPMENT DISTRICT,** a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes*, with a mailing address of c/o Governmental Management Services Central Florida, LLC, 219 E. Livingston St., Orlando, Florida 32801 (the "District"), and

CLAYTON PROPERTIES GROUP, INC., a Tennessee corporation, with a mailing address of 3020 South Florida Avenue, Suite 101, Lakeland, Florida 33803 ("Developer").

#### **RECITALS**

WHEREAS, the District was established by Ordinance No. 928. adopted by the City Commission of the City of Davenport, Florida, for the purpose of planning, financing, constructing, operating and/or maintaining certain infrastructure; and

WHEREAS, the District, pursuant to Chapter 190, *Florida Statutes*, is authorized to levy such taxes, special assessments, fees and other charges as may be necessary in furtherance of the District's activities and services; and

WHEREAS, Developer presently owns and is developing portions of all real property described in Exhibit A, attached hereto and incorporated herein by reference ("Property") within the District, which Property will benefit from the timely construction and acquisition of the District's facilities, activities and services and from the continued operations of the District; and

WHEREAS, the District is adopting its general fund budget for the Fiscal Year beginning October 1, 2022, and ending September 30, 2023 ("Budget"); and

WHEREAS, the Budget, which both parties recognize may be amended from time to time in the sole discretion of the District, is attached hereto and incorporated herein by reference as Exhibit B; and

WHEREAS, the District has the option of levying non-ad valorem assessments on all land, including the Property, that will benefit from the activities, operations and services set forth in the Budgets, or utilizing such other revenue sources as may be available to it; and

WHEREAS, in lieu of levying assessments on the Property in an amount

sufficient to fund the full amount of operations and maintenance expenditures set forth in the Budget, Developer is willing to provide such funds as are necessary to allow the District to proceed with its operations as described in **Exhibit B**, to the extent the costs of such operations exceed the amount of funds received through the collection of assessments; and

WHEREAS, Developer agrees that the District activities, operations and services provide a special and peculiar benefit equal to or in excess of the costs reflected on **Exhibit B** to the Property; and

WHEREAS, Developer has agreed to enter into this Agreement in lieu of having the District levy and collect the full amount of non-ad valorem assessments as authorized by law against the Property located within the District for the activities, operations and services set forth in **Exhibit B**; and

WHEREAS, Developer and the District desire to secure such budget funding through the imposition of a continuing lien against the Property described in Exhibit A and otherwise as provided herein.

**NOW, THEREFORE,** based upon good and valuable consideration and the mutual covenants of the parties, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

**SECTION 1.** The recitals stated above are true and correct and by this reference are incorporated herein as a material part of this Agreement.

**SECTION 2.** Developer agrees to make available to the District the monies necessary for the operation of the District as called for in the Budgets attached hereto as **Exhibit B**, as may be amended from time to time in the District's sole discretion, within fifteen (15) days of written request by the District. Amendments to the District's Budgets as shown on **Exhibit B** adopted by the District at a duly noticed meeting shall have the effect of amending this Agreement without further action of the parties. Funds provided hereunder shall be placed in the District's general checking account. In no way shall the foregoing in any way affect the District's ability to levy special assessments upon the property within the District, including any property owned by Developer, in accordance with Florida law, to provide funds for any unfunded expenditures whether such expenditures are the result of an amendment to the District's Budgets or otherwise. These payments are made by Developer in lieu of taxes, fees, or assessments which might otherwise be levied or imposed by the District.

**SECTION 3.** The District shall have the right to file a continuing lien upon the Property described in **Exhibit A** for all payments due and owing under the terms of this Agreement and for interest thereon, and for reasonable attorneys' fees, paralegals' fees, expenses and court costs incurred by the District incident to the collection of funds under this Agreement or for enforcement of this lien, and all sums advanced and paid by the District for taxes and payment on account of superior interests, liens and encumbrances

in order to preserve and protect the District's lien. The lien shall be effective as of the execution of this Agreement. If Developer fails to pay sums due according to the terms of this Agreement, at the District Manager's direction, the District may bring an action at law against the record title holder to the Property to pay the amount due under this Agreement, or may foreclose the lien against the Property in any manner authorized by law. The District may partially release any filed lien for portions of the Property subject to a plat if and when Developer has demonstrated, in the District's sole discretion, that such release will not materially impair the ability of the District to enforce the collection of funds hereunder.

- **SECTION 4.** This Section provides for alternative methods of collection. In the event Developer fails to make payments due to the District pursuant to this Agreement, and the District first provides Developer with written notice of the delinquency to the address identified in this Agreement and such delinquency is not cured within five (5) business days of the notice, then the District shall have the following remedies:
  - A. In the alternative or in addition to the collection method set forth in Section 2 above, the District may enforce the collection of funds due under this Agreement by action against Developer in the appropriate judicial forum in and for Polk County, Florida. The enforcement of the collection of funds in this manner shall be in the sole discretion of the District Manager on behalf of the District. In the event that either party is required to enforce this Agreement by court proceedings or otherwise, then the parties agree that the substantially prevailing party shall be entitled to recover from the other all costs incurred, including reasonable attorneys' fees and costs for trial, alternative dispute resolution, or appellate proceedings.
  - В. The District hereby finds that the activities, operations and services set forth in Exhibit B provide a special and peculiar benefit to the Property, which benefit is initially allocated on an equal developable acreage basis. Developer agrees that the activities, operations and services set forth in Exhibit B provide a special and peculiar benefit to the Property equal to or in excess of the costs set forth in Exhibit B, on an equal developable acreage basis. Therefore, in the alternative, or in addition to the other methods of collection set forth in this Agreement, the District, in its sole discretion, may choose to certify amounts due hereunder as a non-ad valorem assessment on all or any part of the Property for collection, either through the Uniform Method of Collection set forth in Chapter 197 or under any method of direct bill and collection authorized by Florida law. Such assessment, if imposed, may be certified on the next available tax roll of the Polk County property appraiser. Developer hereby waives and/or relinquishes any rights it may have to challenge, object to or otherwise fail to pay such assessments if imposed, as well as the means of collection thereof.

**SECTION 5.** This instrument shall constitute the final and complete expression of the agreement between the parties relating to the subject matter of this Agreement.

Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by both of the parties hereto.

**SECTION 6.** The execution of this Agreement has been duly authorized by the appropriate body or official of all parties hereto, each party has complied with all the requirements of law, and each party has full power and authority to comply with the terms and provisions of this instrument.

**SECTION 7.** This Agreement may be assigned, in whole or in part, by either party only upon the written consent of the other, which consent shall not be unreasonably withheld.

**SECTION 8.** A default by either party under this Agreement shall entitle the other to all remedies available at law or in equity, which shall include, but not be limited to, the right of damages, injunctive relief and specific performance and specifically including the ability of the District to enforce any and all payment obligations under this Agreement in the manner described herein in Sections 3 and 4 above.

SECTION 9. This Agreement is solely for the benefit of the formal parties herein and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any third party not a formal party hereto. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person or corporation other than the parties hereto any right, remedy or claim under or by reason of this Agreement or any provisions or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of and shall be binding upon the parties hereto and their respective representatives, successors and assigns. In the event Developer sells or otherwise disposes of its business or of all or substantially all of its assets relating to improvements, work product, or lands within the District, Developer shall continue to be bound by the terms of this Agreement and additionally shall expressly require that the purchaser agrees to be bound by the terms of this Agreement. In the event of such sale or disposition, Developer may place into escrow an amount equal to the then unfunded portion of the applicable adopted Budgets to fund any budgeted expenses that may arise during the remainder of the applicable fiscal year. Upon confirmation of the deposit of said funds into escrow, and evidence of an assignment to, and assumption by the purchaser, of this Agreement, Developer's obligation under this Agreement shall be deemed fulfilled and this Agreement terminated. Developer shall give 90 days' prior written notice to the District under this Agreement of any such sale or disposition.

**SECTION 10.** This Agreement and the provisions contained herein shall be construed, interpreted and controlled according to the laws of the State of Florida. The parties agree and consent to, for the purposes of venue, the exclusive jurisdiction of the courts of Polk County, Florida.

**SECTION 11.** This Agreement has been negotiated fully between the parties as

an arm's length transaction. The parties participated fully in the preparation of this Agreement with the assistance of their respective counsel. In the case of a dispute concerning the interpretation of any provision of this Agreement, the parties are each deemed to have drafted, chosen and selected the language, and the doubtful language will not be interpreted or construed against any party.

**SECTION 12.** Developer understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records and treated as such in accordance with Florida law.

**SECTION 13.** This Agreement may be executed in any number of counterparts, each of which when executed and delivered shall be an original; however, all such counterparts together shall constitute, but one and the same instrument. Signature and acknowledgment pages, if any, may be detached from the counterparts and attached to a single copy of this document to physically form one document.

**SECTION 14.** This Agreement shall be effective after execution by both parties hereto. The enforcement provisions of this Agreement shall survive its termination, until all payments due under this Agreement are paid in full.

[Signatures on next page]

**IN WITNESS WHEREOF**, the parties execute this Agreement the day and year first written above.

# NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE EAST 547 COMMUNITY DEVELOPMENT DISTRICT:

**SECTION 1. BENEFIT & ALLOCATION FINDINGS.** The provision of the services, facilities, and operations as described in **Exhibit "A"** confers a special and peculiar benefit to the lands within the District, which benefit exceeds or equals the cost of the assessments. The allocation of the assessments to the specially benefitted lands is shown in **Exhibits "A" and "B,"** and is hereby found to be fair and reasonable.

**SECTION 2. ASSESSMENT IMPOSITION.** Pursuant to Chapters 170, 190 and 197, *Florida Statutes*, and using the procedures authorized by Florida law for the levy and collection of special assessments, a special assessment for operation and maintenance is hereby imposed and levied on benefitted lands within the District and in accordance with **Exhibits "A" and "B."** The lien of the special assessments for operations and maintenance imposed and levied by this Resolution shall be effective upon passage of this Resolution. Moreover, pursuant to Section 197.3632(4), *Florida Statutes*, the lien amount shall serve as the "maximum rate" authorized by law for operation and maintenance assessments.

#### SECTION 3. COLLECTION AND ENFORCEMENT; PENALTIES; INTEREST.

A. Tax Roll Assessments. The operations and maintenance special assessments imposed on the Tax Roll Property shall be collected at the same time and in the same manner as County taxes in accordance with the Uniform Method, as set forth in Exhibits "A" and "B."

- B. Direct Bill Assessments. The previously levied debt service special assessments imposed on the Direct Collect Property shall be collected directly by the District in accordance with Florida law, as set forth in Exhibits "A" and "B." Assessments directly collected by the District are due in full on December 1, 2022; provided, however, that, to the extent permitted by law, the assessments due may be paid in several partial, deferred payments and according to the following schedule: 25% due no later than October 1, 2022, 25% due no later than December 1, 2022, 25% due no later than February 1, 2023 and 25% due no later than May 1, 2023. In the event that an assessment payment is not made in accordance with the schedule stated above, the whole assessment – including any remaining partial, deferred payments for Fiscal Year 2022/2023, shall immediately become due and payable; shall accrue interest, penalties in the amount of one percent (1%) per month, and all costs of collection and enforcement; and shall either be enforced pursuant to a foreclosure action, or, at the District's sole discretion, collected pursuant to the Uniform Method on a future tax bill, which amount may include penalties, interest, and costs of collection and enforcement. Any prejudgment interest on delinquent assessments shall accrue at the rate of any bonds secured by the assessments, or at the statutory prejudgment interest rate, as applicable. In the event an assessment subject to direct collection by the District shall be delinquent, the District Manager and District Counsel, without further authorization by the Board, may initiate foreclosure proceedings pursuant to Chapter 170, Florida Statutes, or other applicable law to collect and enforce the whole assessment, as set forth herein.
- C. Future Collection Methods. The decision to collect special assessments by any particular method e.g., on the tax roll or by direct bill does not mean that such method will be used to collect special assessments in future years, and the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices.
- **SECTION 4. ASSESSMENT ROLL.** The Assessment Roll, attached to this Resolution as **Exhibit "B,"** is hereby certified for collection. That portion of the Assessment Roll which includes the Tax Roll Property is hereby certified to the County Tax Collector and shall be collected by the County Tax Collector in the same manner and time as County taxes. DATE OF LANDOWNERS' MEETING: Tuesday, November 1, 2022

TIME: 11:15 a.m.

LOCATION: Lake Alfred Public Library, 245 N Seminole Ave, Lake Alfred, FL 33850

Pursuant to Chapter 190, *Florida Statutes*, and after a Community Development District ("**District**") has been established and the landowners have held their initial election, there shall be a subsequent landowners' meeting for the purpose of electing members of the Board of Supervisors ("**Board**") every two years until the District qualifies to have its board members elected by the qualified electors of the District. The following instructions on how all landowners may participate in the election are intended to comply with Section 190.006(2)(b), *Florida Statutes*.

A landowner may vote in person at the landowners' meeting, or the landowner may nominate a proxy holder to vote at the meeting in place of the landowner. Whether in person or by proxy, each landowner shall be entitled to cast one vote per acre of land owned by him or her and located within the District, for each position on the Board that is open for election for the upcoming term. A fraction of an acre shall be treated as one (1) acre, entitling the landowner to one vote with respect thereto. For purposes of determining voting interests, platted lots shall be counted individually and rounded up to the nearest whole acre. At the landowners' meeting, the first step is to elect a chair for the meeting, who may be any person present at the meeting. The landowners shall also elect a secretary for the meeting who may be any person present at the meeting. The secretary shall be responsible for the minutes of the meeting. The chair shall conduct the nominations and the voting. If the chair is a landowner or proxy holder of a landowner, he or she may nominate candidates and make and second motions. Candidates must be nominated and then shall be elected by a vote of the landowners. Nominees may be elected only to a position on the Board that is open for election for the upcoming term.

This year, three (3) seats on the Board will be up for election in a landowner seat. The two candidates receiving the highest number of votes shall be elected to serve for a 4-year period, and the remaining candidate elected shall serve for a 2-year period. The term of office for the successful landowner candidate shall commence upon election.

A proxy is available upon request. To be valid, each proxy must be signed by <u>one</u> of the legal owners of the property for which the vote is cast and must contain the typed or printed name of the individual who signed the proxy; the street address, legal description of the property or tax parcel identification number; and the number of authorized votes. If the proxy authorizes more than one vote, each property must be listed and the number of acres of each property must be included. The signature on a proxy does not need to be notarized.

#### 1. Introduction

This report has been prepared to meet the requirements of Section 403.9302 Florida Statutes – Stormwater management projections. The East 547 Community Development District (the "District" or "CDD") does not provide wastewater services and thus is not required to submit a wastewater service projections report under 403.9301 F.S.

The CDD is located entirely within the City of Davenport ("City'), Florida. 403.9301(1) specifies independent special districts, including East 547 CDD, must provide a report to the County by June 30, 2022. The rule was enacted in 2021 and requires a report submittal every 5 years. This report has been prepared and submitted to satisfy the reporting requirements for 2022.

The District is located east side of US 17-92 and on south side of Davenport Boulevard within the City of Davenport in Polk County ("County"), Florida (see also Exhibit 1). The CDD consists of a total of 122 acres and 230 residential units along with the associated stormwater infrastructure. The CDD is a planned residential community. The District is expected to consist of 230 single-family lots, recreation/amenity areas, and associated infrastructure. The land use for the development is Residential Medium and the zoning is Planned Unit Development Residential (PUD). The development will be developed in two (2) phases. Phase 1 has been completed and the stormwater system is in operation. The remaining area and stormwater systems for the undeveloped phase have not commenced; however, they will be constructed in the next 5-years.

#### 2. Detailed Description of the Stormwater System

The master stormwater management system provides for the water runoff treatment and attenuation of stormwater runoff that will be carried out through man-made dry retention ponds as its collected in pipes, curbs, and surfaces to convey this runoff. These systems discharge to the dry retention ponds within the development. There are no known natural surface waters within the Development. The design criteria for the District's stormwater treatment systems are regulated by the City, County, and the South West Florida Water Management District (SWFWMD).

Stormwater management facilities consisting of storm conveyance systems and retention ponds are contained within the District boundaries (see Exhibit 2). Stormwater is discharged via roadway curb and gutter and storm inlets. Storm culverts convey the runoff into the proposed dry retention ponds for water quality treatment and attenuation. The stormwater systems will utilize dry retention for biological pollutant assimilation to achieve water quality treatment. The design criteria for the District's stormwater treatment systems are regulated by the County and the Southwest Florida Water Management District ("SWFWMD").

The system is designed to provide drainage and flood abatement such as flooding events associated with rainfall and hurricanes, for water quality improvements, and to reduce vulnerability to adverse impacts from flooding related to increases in frequency and duration of rainfall events. The system falls within the Federal Emergency Management Agency Flood Insurance Rate Map (FEMA) FIRM Panel No. 12105C0240G, dated December 22, 2016, and is located within Flood Zones AE and X. The 100-year flood volumes are compensated as it is required by the City, SWFWMD, and FEMA.

Specifically, the system includes numerous dry retention ponds interconnected throughout the Development (see Exhibit 3).

The stormwater operation and maintenance program includes, but is not limited to:

- routing mowing of turf associated with stormwater ponds, swales, canal/lake banks;
- debris and trash removal from pond skimmers, inlet grates, ditches, etc.;
- routine ditch cleaning;
- sediment removal from the stormwater system (i.e. by use of vacuum trucks);
- public outreach and education; and
- other best management practices

#### 3. Number of Current and Projected Residents

The number of current and projected residents are required to be calculated in 5-year increments for a 20-year period. Unlike a city or county service area, the jurisdiction of the CDD is very limited and cannot be expanded or contracted without a public hearing and approvals from the local jurisdiction.

Additionally, the supplemental rule instructions provided by the Office of Economic and Demographic Research ("EDR") states when an independent special district completely falls within a county or a municipality, EDR will calculate the appropriate population estimates. East 547 CDD falls within the City of Davenport, Polk County, Florida.

#### 4. Stormwater Service Area

The East 547 CDD service area consists of the District lands as shown in Exhibit 2 and included in the service area map (Exhibit 3) and legal description (Exhibit 4). The project is currently being developed with one (1) dry retention pond completed and new ponds for the future phase. The additional ponds for the future phase will be constructed within the upcoming years as per the master development plan.

#### 5. Current and Projected Costs of Providing Service

Table 5.1 provides for a 20-year period, calculated in 5-year increments, with an estimated increase of 10% every 5-years.

.Table 5.1 Cost Projections

\$50,000	\$55,000	\$60,500	\$66,550	\$73,205	

#### 6. Estimated Remaining Useful Life

The estimated remaining useful life of the stormwater system and facilities is 25-years including the irrigation system connected to the stormwater system. The system is monitored on an annual basis and replacement as well as repairs are provided as needed to the components of the system. The replacement of the inlets, control outfall structures but should not be a major expense to the District within the next 20-years. No major replacements, which include culverts and pipe networks, control structures, etc., are expected within the next 20 years. All open stormwater storage and conveyance systems are maintained and have an unlimited service life. New stormwater systems for the future phases of the development will be constructed over the next five (5) to ten (10) years and shall be maintained the same as the current system.

#### 7. Recent 5-Year Funding Status

The District has continually provided for all expenditures within the District over the last 5-year history of annual contributions. All funding is obtained through the property tax authority of the District through annual assessments to each unit within the District. The District's current reserve fund is approximately \$2,500, which is sufficient for future capital needs for maintenance or expansion of facilities or major components.

#### \*Increase of 2% per year

#### 8. Plan to Fund Maintenance or Expansion

Due to the CDD's funding mechanisms, there are no anticipated funding gaps or unfunded projects. The proposed construction of the future phases will be through additional bond proceeds of developer funding agreements to the District. The future infrastructure stormwater system to be constructed will be owned by the CDD.

#### 9. Report Submittal and Documentation

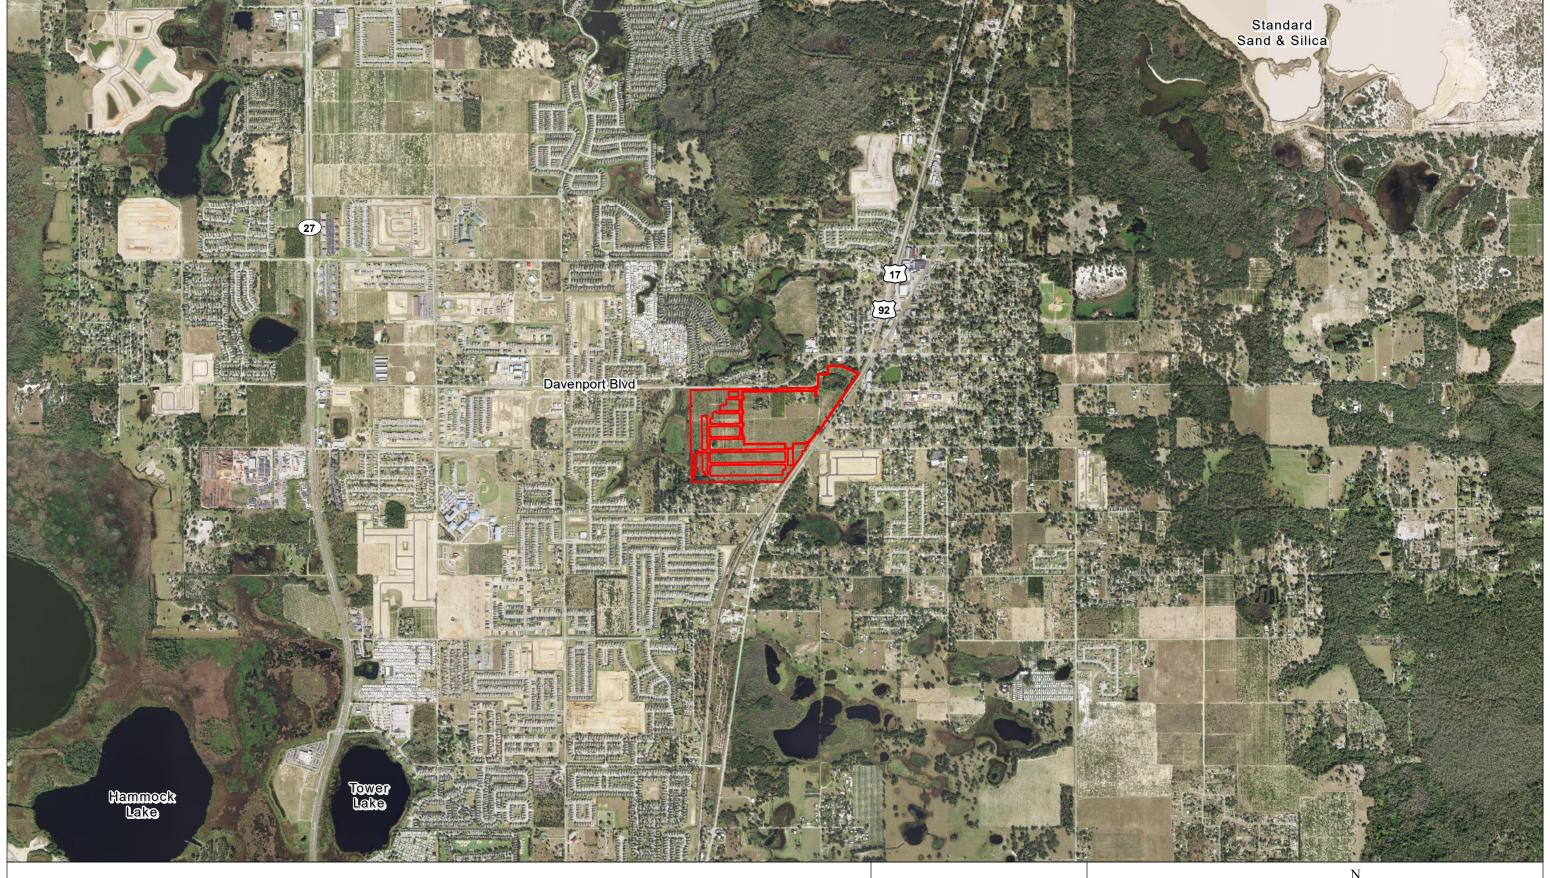

As required by rule, this report is being submitted to Polk County. The County is required to compile all reports for their county and submit a consolidated report to the State by July 31, 2022. The attached exhibits include supporting data and illustrations. When used, calculation methodologies have been described in the above narratives.

#### 10. Engineer's Certification

I hereby certify that the foregoing is a true and correct copy of the report for East 547 Community Development District.
