FIFTH ORDER OF BUSINESS

Consideration of Proposals for Arbitrage Rebate Services for Series 2023 Assessment Area Two Project Bonds

Ms. Burns explained that this was the required report under the Trust Indenture that they need to file annually. She reached out to AMTEC, who has the first proposal in the agenda, to see why the first two years are listed at \$900 when their price is generally \$450 annually. Their response to Ms. Burns was that it was an error for when they are taking over an existing one that has not had the reports done and they must catch up. She clarified that it is \$450 annually for each of those and they sent her a revised proposal. She stated that Grau & Associates proposal was \$600 a year. She pointed out that previously they used AMTEC, so, as the lower bid, she recommended they go with that option.

On MOTION by Mr. Walsh, seconded by Mr. Shenefield, the Amended Proposal from AMTEC for \$450 Annually for Rebate Services for Series 2023 Assessment Area Two Project Bonds, was approved.

SIXTH ORDER OF BUSINESS

Presentation of Arbitrage Rebate Report for Series 2021 Assessment Area One Project Bonds from AMTEC Ms. Burns presented the Arbitrage Rebate Report for Series 2021 Assessment Area One Project Bonds from AMTEC. She explained that this was the report that they were required to do the Trust Indenture to demonstrate that they do not earn more interest than they pay on the bonds. It is an independent report.

On MOTION by Mr. Andrade, seconded by Mr. Walsh, with all in favor, the Arbitrage Rebate Report for Series 2021 Assessment Area One Project Bonds from AMTEC, was approved.

SEVENTH ORDER OF BUSINESS

Ratification of Underwriter Services Letter with FMS Bonds for Series 2023 Bonds

Ms. Burns presented this item to the Board stating that it was already executed, and they just needed a motion to ratify.

On MOTION by Mr. Walsh, seconded by Mr. Shenefield, with all in favor, the Work Authorization 2024-01 to Provide District Engineering Services, was ratified.

C. Field Manager's Report

i. Consideration of Proposal from Pool Vendor for Increase in Rates

Mr. Tindall reviewed the Field Manager's Report starting with landscaping, which has done well overall. He stated that the mows had been consistent going into the off season and the mow frequency went down, which started in October and was standard in the off season. He explained that they were looking into small irrigation issue around the edges of the parking lot and the landscaper should be on top of this issue. It was noted that the supplemental cleanup of wall top near model was done. It was also noted that the dry spell may stress unirrigated Bahia, but it is normal, and the grass will bounce back. He stated that the amenity looks good overall. He pointed out that there were some minor playground repairs, the keypad to women's restroom was replaced, the pool vendor increase was requested and extension through the end of the fiscal year, they finished clearing sediment out of mitered ends, a couple of street signs were replaced, and they repaired fences as needed.

Mr. Tindall presented the proposal from the pool vendor for the increase in rates. He referred the Board to page 63 of the agenda package where it showed the proposal. He noted that the rate was going from \$1,500 a month to \$1,650 a month and it was still three times a week service and no change in quality. He pointed out that they included an option on the proposal for additional services in the busiest season of the year. He further explained this option, but he recommended only the \$1,650 for the three day a week service.

On MOTION by Mr. Andrade, seconded by Mr. Shenefield, with all in favor, the Proposal from Pool Vendor for Increase in Rates, was approved.

D. District Manager's Report

i. Check Register

Ms. Burns presented the check register from July 1st through September 30th and the total was \$60,524.81. She noted that it is included in the package for review and offered to answer any questions. There being none, there was a motion of approval.

INTRODUCTION

On behalf of the East 547 Community Development District ("**District**"), the following information is provided to give you a description of the District's services and the assessments that have been levied within the District to pay for certain community infrastructure, and the manner in which the District is operated. The District is a unit of special-purpose local government created pursuant to and existing under the provisions of Chapter 190, *Florida Statutes* (the "Act"). Under Florida law, community development districts are required to take affirmative steps to provide for the full disclosure of information relating to the public financing and maintenance of improvements to real property undertaken by such districts. The law specifically provides that this information shall be made available to all persons currently residing within the District and to all prospective District residents, as well as filed in the property records of each county in which the District is located.

WHAT IS THE DISTRICT AND HOW IS IT GOVERNED?

The District was established by Ordinance No. 928, enacted by the City Commission of the City of Davenport, Florida, effective April 6, 2020. The District boundaries encompass approximately 122 acres within the City of Davenport, Florida, The development plan for the lands within the District includes approximately 509 residential units to be constructed in phases. As a local unit of special-purpose government, the District provides an alternate means for planning, financing, constructing, operating and maintaining various public improvements and community facilities within its jurisdiction.

The District is governed by a five-member Board of Supervisors ("**Board**" and individually, "**Supervisors**"), the members of which must be residents of the State of Florida and citizens of the United States. Within ninety (90) days of appointment of the initial Board, members were elected on an at-large basis by the owners of property within the District. Subsequent landowner elections are then held every two years in November. At the landowner elections, and generally stated, each landowner is entitled to cast one vote for each acre of land owned with fractions thereof rounded upward to the nearest whole number, or one vote per platted lot. Commencing six (6) years after the initial appointment of the members of the Board and when the District attains a minimum of two hundred and fifty (250) qualified electors, Supervisors whose terms are expiring will begin to be elected by qualified electors of the District. A "qualified elector" in this instance is any person at least eighteen (18) years of age who is a citizen of the United States, a legal resident of Florida and of the District, and who is also registered to vote with the Supervisor of Elections for Polk County. Notwithstanding the foregoing, if at any time the Board proposes to exercise its ad valorem taxing power, it shall, prior to the exercise of such power, call an election at which all members of the Board shall be elected by qualified electors of the District.

The District is subject to Florida law governing open meetings and records. Accordingly, Board meetings are noticed in the local newspaper and are conducted in a public forum in which public participation is permitted. Consistent with Florida's public records laws, the records of the District are available for public inspection at the District Manager's Office during normal business hours.

OVERVIEW OF THE DISTRICT'S PROJECTS, BONDS & DEBT ASSESSMENTS

The District is authorized by the Act to, amongst other things, finance, fund, plan, establish, acquire, install, equip, operate, extend, construct, or reconstruct stormwater management systems, roadway improvements, on-site and off-site wetland mitigation, landscape/hardscape, parks and recreation facilities, irrigation systems and other infrastructure projects and services necessitated by the development of, and serving lands within, the District. A description of the boundaries of the District is attached hereto as **Exhibit A.**

Pursuant to the Act, the District is authorized to levy and impose special assessments to pay all, or any part of, the cost of such infrastructure projects and services and to issue bonds, notes and/or other specific financing mechanisms payable from such special assessments. On November 9, 2020, the Circuit Court of the Tenth Judicial Circuit of the State of Florida, in and for Polk County, Florida, entered a Final Judgment validating the District's ability to issue an aggregate principal amount not to exceed \$17,000,000in Special Assessment Bonds, in one or more series, for infrastructure needs of the District ("**Final Judgment**"). The Tenth Judicial Circuit of Florida, in and for Polk County, Florida, has entered a Certificate of No Appeal certifying that no notice of appeal has been filed or taken by any party or other person from the Final Judgment.

Capital Improvement Plan / Master Bonds & Assessments

In 2020, the District authorized the construction and/or financing of its master capital improvement plan ("CIP"). The CIP includes, among other things, stormwater management facilities, public roadways, water and wastewater facilities, off-site improvements, amenities and parks, electric and lighting, entry features, miscellaneous improvements, and soft costs. The CIP is estimated to cost approximately **\$15,000,000**, and is described in more detail in the *Engineer's Report for Capital Improvements*, dated September 4, 2020, as amended by the *Amended and Restated Engineer's Report for Capital Improvements*, dated August 10, 2023 (together the "**Master Engineer's Report**").

The District anticipates financing all or a portion of the CIP by the issuance of one or more series of future special assessment bonds ("Master Bonds"). To secure the repayment of such Master Bonds, the District has levied and imposed one or more non-ad valorem debt service special assessment liens ("Master Assessments") on certain benefitted lands within the District. The Master Assessments are further described in the *Master Assessment Methodology*, dated September 10, 2020, as amended by the *Amended Master Assessment Methodology*, dated February 11, 2021 (together, the "Master Assessment Report"). A notice of the master assessment lien imposed consistent with the Master Assessment Methodology has been recorded in the Official Records of Polk County. The Master Assessment Report and the reports that supplement it are designed to conform to the requirements of Chapters 170, 190 and 197, *Florida Statutes*, are not intended to address any other assessments, if applicable, that may be levied by the District, a homeowner's association, or any other unit of government.

Allocation of special assessments is a continuous process until the CIP is completed. As a master series of interrelated improvements, the CIP benefits all developable acres within the District. Once platting has begun, the assessments will be allocated to the assigned properties based on the benefits they receive as set forth herein ("Assigned Properties"). The unassigned properties, defined as property that has not been platted and assigned development rights, will continue to be assessed on a per-acre (equal acreage) basis ("Unassigned Properties"). Eventually the development plan will be completed and the assessments securing each series of bonds will be allocated to the benefitted property within the District. If there are changes to the development plan causing a change in the ultimate number of platted units, a true-up of the assessment(s) will be calculated to determine if a debt reduction or true-up payment is required.

Assessment Area One Project/Series 2021 Bonds

The District has authorized the construction and/or acquisition of its "Assessment Area One **Project**," as the first phase of its CIP. On June 15, 2021, the District issued \$5,875,000 Special Assessment Bonds, Series 2021 (Assessment Area One Project) ("Series 2021 Bonds"), for the purpose of financing a portion of the Assessment Area One Project. The amortization schedules for the Series 2012 Bonds are available at the District Manager's Office. The Assessment Area One Project is anticipated to cost \$8,634,825, and is described in the *Supplemental Engineer's Report for Capital Improvements*, dated January 29, 2021 ("First Supplemental Report"). The Assessment Area One Project includes improvements related to Phase 1 of the development.

The Series 2021Bonds are secured by non-ad valorem special assessments levied and imposed as part of the Master Assessments ("Series 2021 Assessments") on all lands within the approximately 67.19 acres comprising "Assessment Area One" as described in Exhibit B hereto. The Series 2021 Assessments are further described in the Supplemental Assessment Methodology – Assessment Area One, dated June 2, 2021 ("First Supplemental Assessment Report"). It is anticipated that the Series 2021 Assessments will be collected through the Uniform Method of Collection described in Chapter 197.3632, Florida Statutes, for platted lots and directly collected for unplatted property but the assessments may be collected by any other legal means available to the District. Schedules of the annual assessments on benefiting property levied to defray the debt service obligations of the District are summarized provided below and are available for public inspection at the District Manager's Office.

The Series 2021 Assessments described above exclude any operations and maintenance assessments that may be determined and calculated annually by the Board against all benefited lands in the District. A detailed description of all costs and allocations that result in the formulation of assessments, fees and charges is available for public inspection at the District Manager's Office.

Assessment Area Two Project/Series 2023 Bonds

The District has additionally authorized the construction and/or acquisition of its "Assessment Area Two Project," as the second phase of its CIP. On October 12, 2021, the District issued \$7,245,000 Special Assessment Bonds, Series 2023 (Assessment Area Two Project) ("Series 2023 Bonds"), for the purpose of financing a portion of the Assessment Area Two Project. The amortization schedules for the Series 2023 Bonds are available at the District Manager's Office. The Assessment Area Two Project is anticipated to cost \$6,365,175 and is described in the Master Engineer's Report. The Assessment Area Two Project includes improvements related to Phase 2 of the development.

The Series 2023 Bonds are secured by non-ad valorem special assessments levied and imposed as part of the Master Assessments ("Series 2023 Assessments") on all lands within the approximately 52.82 acres comprising "Assessment Area Two" as described in Exhibit C hereto. The Series 2023 Assessments are further described in the Supplemental Assessment Methodology – Assessment Area Two, dated September 28, 2023 ("Second Supplemental Assessment Report"). It is anticipated that the Series 2023 Assessments will be collected through the Uniform Method of Collection described in Chapter 197.3632, Florida Statutes, for platted lots and directly collected for unplatted property but the assessments may be collected by any other legal means available to the District. Schedules of the annual assessments on benefiting property levied to defray the debt service obligations of the District are summarized provided below and are available for public inspection at the District Manager's Office.

The Series 2023 Assessments described above exclude any operations and maintenance assessments that may be determined and calculated annually by the Board against all benefited lands in the District. A detailed description of all costs and allocations that result in the formulation of assessments, fees and charges is available for public inspection at the District Manager's Office.

Operation and Maintenance Assessments

In addition to the debt assessment described above, the District also imposes on an annual basis operations and maintenance assessments ("**O&M Assessments**"), which are determined and calculated annually by the Board in order to fund the District's annual operations and maintenance budget. O&M Assessments are levied against all benefitted lands in the District and may vary from year to year based on the amount of the District's budget. O&M Assessments may also be affected by the total number of units that ultimately are constructed within the District. The allocation of O&M Assessments is set forth in the resolutions imposing the assessments. Please contact the District Manager's Office for more information regarding the allocation of O&M Assessments.

Future Improvements and Assessments

Should the District choose to finance additional portions of its CIP in the future, additional debt assessments may be imposed on property within the District. Such additional assessments will be allocated in a manner consistent with the Master Assessment Methodology.

The District may undertake the construction, acquisition, or installation of other future improvements and facilities, which may be financed by bonds, notes or other methods authorized by Chapter 190, *Florida Statutes*. Further information regarding any of the improvements can be obtained from the engineer's reports on file in the District Manager's Office. Further, a detailed description of all costs and allocations that result in the formulation of assessments, fees and charges is available for public inspection at the District Manager's Office.

METHODS OF COLLECTION

For any given fiscal year, the District may elect to collect any special assessment for any lot or parcel by any lawful means. The provisions governing the collection of special assessments are more fully set forth in the applicable assessment resolutions, which are on file at the District Manager's Office. That said, and generally speaking, the District may elect to place a special assessment on that portion of the annual real estate tax bill, entitled "non-ad valorem assessments," which would then be collected by the Polk County Tax Collector in the same manner as county ad valorem taxes ("Uniform Method"). Each property owner subject to the collection of special assessments by the Uniform Method must pay both ad valorem and non-ad valorem assessments at the same time. Property owners will, however, be entitled to the same discounts as provided for ad valorem taxes. As with any tax bill, if all taxes and assessments due are not paid within the prescribed time limit, the tax collector is required to sell tax certificates which, if not timely redeemed, may result in the loss of title to the property. The use of the Uniform Method for any given fiscal year does not mean that the Uniform Method will be used to collect assessments in future years, and the District reserves the right in its sole discretion to select a new or different collection method in any given year, regardless of past practices.

Alternatively, the District may elect to collect any special assessment by sending a direct bill to a given landowner. In the event that an assessment payment is not timely made, the whole assessment – including any remaining amounts for the fiscal year as well as any future installments of assessments securing debt service – shall immediately become due and payable and shall accrue interest as well as

penalties, plus all costs of collection and enforcement, and shall either be enforced pursuant to a foreclosure action, or, at the District's discretion, collected pursuant to the Uniform Method on a future tax bill, which amount may include penalties, interest, and costs of collection and enforcement. Please contact the District Manager's Office for further information regarding collection methods.

This description of the District's operations, services and financing structure is intended to provide assistance to landowners and purchasers concerning the important role that the District plays in providing infrastructure improvements essential to the development of communities.
